a written offer of settlement as follows, compensating LFPC for damages and attorneys' fees incurred to date:

- Payment of \$120,000.00, as compensation for the amount that LFPC has paid and will be required to pay over the term of the 3Com POZ Agreement and the 3Com POZ Rental Agreement (excess of the amounts currently alleged as remaining payable under the 3Com POZ Rental Agreement), in order to obtain the equipment and services that LFPC purchased in accordance with the 3Com® Power of \$Zero™ Solution, including the 3Com POZ Agreement and the 3Com POZ Rental Agreement; and
- Payment of \$3,000.00 in attorneys' fees and related costs and expenses that LFPC has incurred in retaining this firm to review pertinent documents and prepare this demand.

The offer to settle for this amount will be withdrawn upon the expiration of the sixty (60) day period.

FACTUAL BACKGROUND

In 2006, Metropark Communications, Inc. ("Metropark"), a 3Com "Voice Authorized Partner" and "Platinum Dealer", approached LFPC concerning the replacement of the telephone system at its facility. Metropark provided LFPC with a presentation on the 3Com Power of \$Zero™ Solution, promoted as a viable, cost-effective alternative to a traditional equipment sale (requiring that LFPC continue to maintain one or more separate agreements with other vendors for the delivery of its telecom and data services). Persuaded by the promotional materials describing the program's numerous benefits, and relying upon 3Com's name and reputation, LFPC purchased the 3Com Power of \$Zero™ Solution. That decision was based upon 3Com's numerous representations:

The 3Com® Power of \$Zero™ Solution can transform your company's recurring expenses into a profit center, help reduce telecom and 3Com equipment expenses to zero, and ensure your business has the advanced technology needed for success in today's marketplace.

In its literature and on its website, 3Com urged customers to "entrust your telecom services to the Power of \$Zero program." 3Com assured LFPC that it would enhance its business with "innovative, secure communications solutions", and that it would "simplify administering them with single monthly invoices from one provider."

LFPC was advised that in order to solve the "challenge" of needing new equipment and employing new technologies, it could rely upon certain 3Com "solutions" including, the 3Com Power of \$Zero™ Solution – which was described as an "innovative, new financial program." Moreover, 3Com specifically represented that LFPC would reap the benefits of 3Com's Nationwide Intelligent Private Network (IPN).

Relying upon the 3Com name, and sold on the purported benefits of the 3Com Power of \$Zero™ Solution, on 8 June 2006, LFPC executed the 3Com POZ Agreement. Subsequently, and as part of this transaction, on 24 July 2006, LFPC executed the 3Com POZ Rental Agreement, covering the "NBX Telephone System and Service."

Numerous failures occurred in connection with the delivery of both the telecom and data equipment and services. Most recently, LFPC received notice that the telecom and data services to be delivered under the 3Com POZ Agreement and the 3Com POZ Rental Agreement would no longer be provided. In a letter dated 27 September 2007, 3Com's provisioning partner advised LFPC that, "some or all of your telecom services (Local, Long Distance, Toll Free, Internet/Data & Cellular) . . . may be interrupted due to non-payment." Subsequently, LFPC managed to replicate its telecom and data services through other vendors. Presently, the cost for obtaining those telecom and data services is approximately \$2,500.00 per month.

MSNB was well aware of 3Com's impending failure to adequately provide the telecom and data services to its customers. In correspondence sent in September and October of 2007, MSNB advised LFPC that it would no longer be invoicing or collecting the "Pass Through Amounts" of the 3Com POZ Agreement, an amount which MSNB had been invoicing and collecting each month. Thus, as a consequence of 3Com's decision to cease providing telecom and data services (as required by the 3Com POZ Agreement), LFPC's payment under the 3Com POZ Rental Agreement would also be reduced from \$3,117.57 to \$2,825.33 (presumably for the remaining term of the 3Com POZ Rental Agreement).

Consequently, LFPC is afforded a total of \$292.24 per month to replicate the telecom and data services for which it previously paid (in June of 2006) \$2,890.44 per month. In rough numbers, 3Com and MSNB appear to suggest that LFPC should use approximately 10% of its prior "dial tone spend" to cover its entire telecom and data services requirements. Assuming that these services can and will be provided for an estimated cost of \$2,500.00 per month, LFPC has incurred and will incur damages of \$2,200.00 per month from October of 2007 through the end of the 3Com POZ Rental Agreement. Multiplied by the estimated 59 remaining payments under the 3Com POZ Rental Agreement, LFPC will incur damages of approximately \$130,000.00.

Attempting to shield itself from the situation, in its correspondence to LFPC and other customers, MSNB claims that it "is not familiar with your precise use of the equipment we are financing," and that MSNB's "involvement in this matter is only as a provider of financing for the equipment." To the contrary, and as evidenced by the contractual and business relationships, there is ample evidence that MSNB was intimately familiar with the precise structure of the transaction, acting in concert with 3Com and its partners in marketing the 3Com Power of \$Zero™ Solution, in order to derive significant economic benefit.

OFFER TO SETTLE

Section 17.50 of the DTPA allows a consumer who prevails under the DTPA to recover up to three times the actual damages, together with court costs and attorneys' fees. Pursuant to Section 17.5052 of the DTPA, 3Com and MSNB have the opportunity to avoid the multiplying of damages if the actual damages and reasonable attorneys' fees are tendered, in a written offer of settlement within the prescribed time period. The settlement offer must be received within sixty (60) days after receipt of notice of claim and formal demand.

In order to resolve this matter, LFPC is willing to forego all damages attributable to the wrongful and tortious conduct described above in consideration for:

- Payment of \$120,000.00, as compensation for the amount that LFPC has paid and will be required to pay over the term of the 3Com POZ Agreement and the 3Com POZ Rental Agreement (excess of the amounts currently alleged as remaining payable under the 3Com POZ Rental Agreement), in order to obtain the equipment and services that LFPC purchased in accordance with the 3Com® Power of \$Zero™ Solution, including the 3Com POZ Agreement and the 3Com POZ Rental Agreement; and
- Payment of \$3,000.00 in attorneys' fees and related costs and expenses that LFPC has incurred in retaining this firm to review pertinent documents and prepare this demand.

If 3Com or MSNB fail to tender a written settlement offer within sixty (60) days from the date you receive this letter, LFPC intends to file a lawsuit to recover all applicable damages. In that event, the jury will be asked to award actual damages, treble damages, statutory penalties, all court costs, reasonable attorneys' fees, and interest on these amounts at the maximum lawful rate under the provisions of the DTPA, and the common or statutory laws of the State of Texas. If it is necessary to litigate this matter, the amount of attorneys' fees and related expenses for which 3Com and MSNB will be liable will increase significantly.

In addition, LFPC is also requesting that all amounts alleged as due and owing under the POZ Rental Agreement be suspended, and that MSNB (and its assignee, if applicable) enter an agreement that until this matter is resolved:

- MSNB shall not seek to collect the monthly payment under the POZ Rental Agreement;
- Any amounts claimed as due and owing under the POZ Rental Agreement shall not accrue any additional interest, penalty, late fees, or the like; and
- MSNB shall not report any adverse credit information to any credit reporting agency as a consequence of this suspended payment arrangement.
